Some good prairie land can yet be found in the lower part of the County, in the upper part there are the best of locations, timbered with Sugar Maple, Birch, Oak, Linden, &c. These last are in the immediate vicinity of the pineries, which will always afford an excellent market.

160 "	7 00
80 "	6 00

NEWS OF THE MORNING.

The northern branch of the K. N.'s are in Convention in New York, and we have a portion of their proceedings. There seems a probability of their being sensible enough to advance to the right position, and make their professed Anti-Slavery extension sentiments felt by casting their votes for some man who represents them.

Mr. Fillmore, it seems, accepts the nomination of the Southern K. N.'s.

JOHN C. FREMONT has been recommended for the Republican nomination by the Central Committee of New York City.

Our news from California is quite exciting.—The murder of an editor by a gambler has called out the Vigilance Committee again, and the gamblers will have to leave.

We get some interesting details from Kansas, and publish Gov. Shannon's proclamation in full. It looks as if he was apprehensive that the Free State settlers would succeed in driving out his friends, the border ruffians.

The telegraph brought us long extracts from Mr. Fillmore's long letter, accepting the Southern K. N. nomination. As it does not make a particle of difference whether he accepts or declines, we omit the extracts.

The Milwaukee and Beloit R. R. Co., it will be seen, are moving ahead earnestly.

Our correspondence and news from the interior are full and interesting.

Milwaukee and Beloit Rail Road.

A meeting of the Directors of this Company was held at their office in this city on Wednesday, 11th inst.

Stwall Smith, *Esq.*, of East Troy, resigned the office of Director—and Martin D. Medberry of this city was unanimously selected to fill the vacancy. We learn that Mr. Medberry will go into the office of the Company as an *active working* Director. Mr. M. is well known to the public as a man of high character, and good business qualifications, and we congratulate the company on securing his valuable services.

Subscriptions in this city to the Capital stock amount to something over $60,000. East Troy has already secured in mortgages and cash subscriptions $70,000—Vernon $26,000. In all of these towns the amounts will be increased. The Company ask $150,000 in this city, and ought to obtain it. Delavan has pledged $150,000 of good reliable subscriptions. Stock agents are now at work in Muskego, Mukwanago and Delavan.

Speed the good work, say we!

Milwaukee must have a Rail Road into the Great South West.

Under the superintendence of Mr. D. C. SHEPARD, the experienced and energetic Chief Engineer of the Company and their indefatigable Board of Directors, we expect to see a good and cheap road speedily completed, reaching into that rich and prosperous section of our country.

Fourth of July Celebration!

There is, we are glad to see, every prospect of a grand celebration of the Fourth in this city.—The committee of 21, named yesterday, met this evening at Lieut. Gov. McArthur's office, to subdivide the work among them, and make arrangements. Large subscriptions are being made to defray expenses, $850 from the 7th ward and $450 from the 3d ward having been reported on Wednesday evening as a beginning. At the suggestion of Maj. Austin, it was agreed that the surplus over expenses, if any, should be equally divided among the Orphan Asylums in this city.

THE RIGHT SPIRIT AT DELTON, SAUK CO.—The President of the Kansas Aid Society formed at Delton, Sauk Co., writes that that little town is sure for $500 to help the settlers in Kansas, in this time of their sorest need, and that seven good and true men are ready to start immediately.—The right spirit is aroused at Delton, and such movements are going on all through the State.

The feeling aroused in Sauk County by the constant aggressions and outrages of the Slave Power will continue till the people have a chance, at the ides of November, to mark their disapprobation at the ballot-box, and the good and true men of that county will give the Republican ticket a plumper of 1,000 majority. See if they don't!

NEW FRAUD.—Mr. Cashier Townsend showed us, a few days since, a One Dollar note of the Winnebago County Bank, at Neenah, altered to a Ten. The original round die with the enclosed figure "1" at the upper corners of the bill had been neatly extracted and an oblong die with figures "10" handsomely substituted. The remainder of the alteration is not as well done, and the right hand lower corner is torn off, leaving "TE" only visible, apparently to cover some defect in the alteration. People have only to understand *that no notes of the denomination of ten dollars are issued by this Bank.*—*Neenah Conservator.*

A STUMP SPEECH FROM THE WHITE HORSE!—On the receipt at Washington of the news of the Cincinnati nomination, a meeting was called and addressed by Gen'l Cass, Douglas and others. The meeting adjourned to the front of the President's House, and Mr. Pierce came out and made a speech. Relative to himself he said:

"If life be spared I shall go back to the State of my birth with a consciousness of having adopted no single measure of public policy during my administration, I did not believe to be demanded by the best interests of my country, nor one which does not command the approbation of my judgment and my conscience."

What a conscience the man must have!

MURDER—BURGLARY AND ROBBERY IN CHICAGO—A gentleman from Chicago informed us yesterday evening, that Mr. Appleby, the Tea merchant on Randolph Street, opposite the Young America Saloon in Chicago, was found in his store yesterday morning, brutally murdered, his body chopped almost to pieces by a hatchet.—It appeared, so our informant stated, to be known that Mr. Appleby had not made a deposite of his money for several days although in receipt of large sums daily. His store was broken open and robbed and he murdered with the hatchet.—This is the statement of our informant.

KILBOURN CITY.—The Wisconsin *Mirror* says that the village plat heretofore known as Newport, or the place "in the woods" where that lively paper has been and is published, has had its name established as *Kilbourn City*, in compliment to our fellow-citizen, BYRON KILBOURN, Superintendent of the La Crosse & Milwaukee Railroad.

LIBERAL.—The Mil. & Watertown R. R. Co., offers to convey at half-fare, persons who come to attend the Festival of the Northwestern German Medical Association, which commences in this city on the 19th, and continues four days.—There will be a large representation of societies from abroad.

☞ GERRIT SMITH, in a letter to George Geddes and others of Syracuse, expresses the opinion that the difficulties in Kansas can only be properly terminated by force. To this end he thinks a million of dollars and a thousand men should be raised in New York State at once. As he is no fighting man himself, he proposes to do his share of the work by contributions of money, and he offers $10,000 toward the million!

FATAL ACCIDENT.—We learn that a laborer named MICHAEL CARROLL, was killed yesterday near Schleisingville. He was walking on the track, where it had been excavated, when the stump of a tree fell on him, injuring him so that he died in 15 minutes.

Menasha Land District.

Instructions by telegraph were received by the Register and Receiver here on the 2d inst., from the Commissioner of the General Land Office, that all the lands in this District are withdrawn from sale and location until further orders. How long they are to be so withdrawn is yet unknown, but it is sincerely to be hoped, for the good of the country, that they will be kept out of market as little time as possible. It will be a source of extreme regret among a large portion of our population, that the business of entry and purchase of the millions of useful lands throughout this part of the northwest, has thus been closed. A large part of this District, particularly the counties of Sheboygan, Manitowoc, Keewaunee and Door, lying along Lake Michigan, are entirely remote from any talked of or contemplated Railroad to Lake Superior, and we do not perceive why those lands, with others bordering on the extreme West line of the District, should have been taken from sale to accommodate a Railroad grant of only twelve miles in width, running northerly from Fond du Lac on this Lake, to the northern boundary of the State—and we understand that the Land Officers here, immediately upon the receipt of the dispatch, addressed a letter to the Commissioner in Washington, strongly urging the restoration of all the lands to sale, situated so far outside of the contemplated route. What the final action of the authorities at Washington will be upon the subject will probably not be known to the office here for some weeks to come. An anxious throng of emigrants are now daily and hourly landing among us with their families, desiring permanent homes in this country. Their mortification and disappointment must necessarily be very great, in thus being suddenly shut out of the privilege of purchase and settlement among us—and may we not hope and expect, that the withdrawal will be of short duration. The Railroad selections should be speedily made. No procrastination should be tolerated—the vital interests of all are quite too sacred in this matter to allow of any unnecessary delay. We look for prompt and speedy action. Let us have it.—*Menasha Advocate.*

The Railroad selection cannot be made for months yet, and possibly not for a year or two.—The Legislature must first act, and *how* it will act is already a question of no little interest. The different Rail Road Companies of the State all consider themselves entitled to a share of the spoils, and petitions are in active circulation urging the Legislature to bestow a portion of the grant upon this, or that Corporation. The next session will witness a fierce struggle between the various Railroad interests and enterprises in Wisconsin for the two million prize offered by Congress. Meantime the Land Offices are closed; the purchase and settlement of new lands prevented; emigrants turned away disappointed; and a serious blow struck at the growth and prosperity of our State. And the longer the Offices remain closed and the land out of market, the worse matters become. It would mitigate the crying evil somewhat if the President would put in market again all lands not lying immediately contiguous to the Rail Road route specified in the grant. This should be done *at once* and our Senators and Representatives in Congress ought not to rest until it is effected. We urge our contemporaries of the press to speak out promptly on this subject. It is vital to the best interests of our State.

Letter from a Kansas Settler.

The following letter from Mr. Storrs, who went to Kansas from Racine, tells a simple, straightforward story of the kind of wrongs to which the settlers are subjected, and the desperation to which they are driven:

Another attempted Robbery and Murder by the Border Ruffians in Kansas.

LAWRENCE, June 2d.

MESSRS EDITORS:—On the 31st of May at 8 o'clock A. M., my house was summoned by a band of Col. Buford's "law and order men," calling themselves the Lecompton Guard sent out by Gov. Shannon to get horses. My man went on horseback to look for cattle and was fired upon three times and ran in, they following. Mrs. Hubbard mounted the horse and went full speed for aid, leaving my wife and child and bread girl alone; when they came up I took my child in my arms and went out to meet them, my wife accompanying me; the Captain said he must have my horse that stood by the house, which was a valuable stall horse. My wife asked by what authority they demanded him: he said, "by the authority of Gov. Shannon, and if she said a word he would shoot her, he would kill every d—n abolitionist in the Territory." She said we were not abolitionist. He asked from what State we were; we said from Wisconsin. He then offered to give an order on Gov. Shannon, which I declined and they left taking said horse with them.

Soon there came four men to my assistance.—In about one hour the robbers came back and fired upon my house, being twelve in number.—We fought them and captured one horse, but no further damage. I immediately sent said horse and a man to Lawrence for assistance. Soon after they came back and gave us another trial, but to no effect. My wife and child had gone to a neighbor's for safety. I went to see if she got there safe. During my absence the government troops came (three soldiers and three citizens of Lawrence). Names: Colonel Toplif, Esq., Clark and Mr. Merrill; they came from the same direction as the ruffians did. It being opposite to the general course, they were taken to be the same band, and were ordered to halt, which they did not heed, but charged at full speed and were fired upon, wounding one soldier slightly and three horses.

JUNE 1st.—The robbers are still around my house in companies of about 20, saying that they will burn my house and kill all the inmates before night. News soon got to Lawrence of the fact, and a company of 50 came and took my wife and child to Lawrence, and captured 5 prisoners, 2 kegs of powder, 1 sack of shot, and a number of Sharpe's rifles which had been stolen from Lawrence at the time of the destruction of the Hotel. My house was burned on the next evening. As soon as it is safe I shall endeavor to find my cows, which are about 30 in number, and a fine pair of oxen which they threatened to drive on.

N. S. STORRS.

A Voice from the Rural Districts.

The following postscript to a business letter, received at the *Sentinel* office, expresses in forcible language the all-pervading sentiment of hostility to Slavery extension, which will animate the hosts of Freedom in the approaching death struggle with the Slave Power:

——Monroe County, June 9.

There is a universal expression of indignation here against PIERCE, DOUGLAS & Co., for the course they have taken in regard to Kansas matters, and could the vote for President be taken to-day there would hardly be a Pro-Slavery Humbug Democrat left in Monroe County to tell the tale. I have always been a Democrat, and was brought up by a Democratic father, but if Democracy consists in spreading the curse of Slavery over our territories, shooting down harmless and inoffensive citizens in Kansas, thank God, I am *out of the ring*, and am willing to be an "Abolitionist," or anything *but* a Democrat. Give us Seward, Chase, Fremont, or *any* true man, and if Wisconsin does not give him her electoral vote, I entirely mistake the temper of my fellow-citizens.

Yours truly,

☞ An institution for the cure of drunkenness, organized by Dr. Turner of New York, is soon to go into operation, with a capital of $50,000. Towards the stock of this new asylum, three hundred physicians in New York and Brooklyn have subscribed $6,800, and two hundred clergymen in those cities have subscribed $10 each to the same purpose. The asylum is founded upon the idea that inebriety is a disease.

THE PRO-SLAVERY CANDIDATE FOR THE VICE-PRESIDENCY.—The Hon. John C. Breckenridge, the Cincinnati nominee for the Vice Presidency, lives at Lexington, Kentucky. He was elected to Congress in 1851 and again in 1853, representing the district comprising the home of Henry Clay. With the exception of Linn Boyd, he was the leading man among the Kentucky Democrats. He is a large slave owner, and is understood to cordially approve of all the efforts made to extend the institution by fair means or foul, into Kansas. He possesses considerable ability as a popular orator, but more as a manager, being a noted duellist.—*Buffalo Express.*

Correspondence of the Sentinel.

Fox Lake, Dodge County.

FOX LAKE, June 10, 1856.

MESSRS. EDITORS—Will you permit me to lay before your readers some of the advantages of this enterprising and prosperous village.

It lies in the midst of a rich farming country, the best in Dodge County, and in fact equal to any in the State. Its position is peculiarly advantageous. Being situated on an elbow of the La Crosse and Milwaukee R. R. as it curves around Beaver Pond, it has the command of a large trade East, and a portion of that South, while it is 18 miles north and 30 west to any competing town; the trade west of Beaver Pond for some 10 miles is also drawn to this point.—Some idea of the wealth of the country, making this its centre of business, may be formed by considering the fact that over $200,000 stock was taken in the L. C. & M. R. R. on condition that it would make this a point on the road; and this road is now located here, and the work commenced. Already the effect is felt in the increasing demand for real estate.

The village contains about 1,500 inhabitants, and has 20 stores, 2 hotels, 1 bank, 1 flouring mill, 1 saw mill, and water to spare, a number of blacksmith shops, &c., 4 churches, an academy, a female seminary, both ably conducted, and a female college that will be completed during the present summer. No where can be found better advantages for educating a family than at this point; and to the farmer, merchant, mechanic, or speculator, here is a rich field for operation.

Good residence lots are selling from $75 to $150. Business lots from $6 to $20 per foot. Improved farms $15 to $20 per acre, and wild land $7 to $12.

Heretofore it has been questioned that the Rail Road would come to this place, and consequently all speculating feeling has been kept down until recently, and now is decidedly the *time* to make an investment.

Respectfully, A.

For the Daily Sentinel.

Kansas Meeting at Genesee.

A large and enthusiastic meeting of the citizens of Genesee assembled last evening, June 10th, at the Congregational Church, to listen to Prof. DANIELS, agent of the Kansas Aid Society. W. W. TREDWAY, Esq., was called to the chair and POTTS ELLIS, Esq., elected Secretary.

Prof. DANIELS was then introduced and addressed the audience in an eloquent and impressive manner. His graphic descriptions and heart-stirring appeals enchained the attention of all present until a late hour in the evening.

At the close the following resolutions were read and unanimously adopted.

Resolved, That the long series of outrages that the people of Kansas have suffered during the past two years culminating in the destruction of Lawrence and the wholesale robbery and murder of her peaceful citizens, are but the natural developments of a foul conspiracy to destroy her freedom by force, and call loudly for our stern condemnation upon her oppressors, and lend our warmest sympathy and material assistance for her brave and struggling sons.

Resolved, That we will sustain the freemen of Kansas in the exercise of their rights as American citizens, with our *votes*, our *money*, our *personal influence*, and, *if need be*, with our *arms*.

Resolved, That the recent attack upon Charles Sumner was a base and cowardly outrage, a deliberate attempt to destroy the freedom of speech in our National Legislature, which calls loudly for *instant redress*; and as a part of the American people we demand the fullest reparation, and we pledge ourselves to make no compromise which does not secure it and protection to our representatives in future.

Contributions were then made, and the meeting adjourned for one week, when it assembles to organize permanently.

Great enthusiasm prevailed, and even the ladies expressed their willingness to aid the cause of oppressed Kansas with their hearts and hands.

W. W. TREDWAY, Chairman.

POTTS ELLIS, Secretary.

☞ *The Abend Zeitung*, the leading German daily of N. Y. city, thinks the nomination of Buchanan makes the victory of the Democratic party probable—may certain, unless the Republicans nominate Fremont.

☞ The Emperor Alexander, it is said, has declared that from and after the day of his coronation in Moscow, all the children born of Russian Serfs shall be free. This is carrying out the work begun by his father. The Czar Nicholas, during his life time, caused nearly five millions of the serfs to be emancipated.

In the model Republic the whole force of the national government is being exerted to increase the number of serfs and perpetuate the power of their masters. While the revolver, the bowie knife and the torch is in use in the provinces, to be subjugated by the Border Ruffians, their compatriots at the National Capitol are equally active with their revolvers and bludgeons in silencing unanswerable Senators, truth-telling editors and refractory hotel waiters.—*Racine Adv.*

BELOIT AHOY!—The track layers are driving work in earnest on the line of the Racine & Miss. R. R. west of Delavan; the grading between that place and Beloit is about completed, and in a short time we expect to have an opportunity to make a visit to our neighbor of the Beloit Journal.

Two vessels loaded with cedar ties for the road have been discharging their cargoes during the past week, and the depot grounds are alive with "bulgines" and freight cars, produce dealers are anxious to sell before prices fall any more, and country merchants hurrying home with their long delayed goods to supply the wants of impatient customers.—*Racine Advocate.*

SHAMEFUL.—The tools of the pro-slavery party in the North are ready to resort to almost any scurvy trick to aid their southern masters. The Milwaukee *Atlas*, a German Republican paper, relates an instance. It had quite a large number of subscribers at Watertown. A few weeks since it received a note, purporting to emanate from them, ordering it discontinued. It discovered last week that the order was a forgery, and that a story had been industriously circulated among its subscribers in Watertown, that its publication had been discontinued. A more disgraceful instance of petty villainy we have seldom heard of, and it is an illustration of the character of the leaders of the Slave Democracy of this State. Republicans need to be on their guard constantly against their frauds and forgeries.—*Madison Journal.*

GALLANT FANE.—The Missouri *Republican* chronicles the arrival in that city of the gallant Judge *Fane*, fresh from his duties as acting U. S. Deputy Marshal, in the sacking of Lawrence.—Well, since the gallant Fane has returned, he should be put in some good school at once. We have before us a pass of this acting minion of the administration, which verbatim and punctuatim, reads as follows:

"pleas let the bearer with this back
FANE
U. S. Deputy *Marshal*"!!

—*Buffalo Express.*

A FEDERALIST INDORSEMENT.—We met a gentleman in our city yesterday, who resides in the western part of the State, and who has boasted for the last ten years that he was an "old federalist" and would never vote for any other kind of man for President. On inquiring of him how he liked the nomination for President made by the Cincinnati Convention, he replied—"I like it well. Buchanan is the greatest old federalist in the country, and I can consistently vote for him, and mean to do it."—*Chicago Press.*

WISCONSIN RIVER AND LAKE WINNEBAGO.—For the better accommodation of travellers to and from Stevens's Point and the Wisconsin River, Messrs. Fitzgerald & Co., will next Monday commence running a Steamer daily—leaving Fond du Lac at 4 o'clock in the morning, running through to Gill's Landing by noon, and returning the same day to Fond du Lac.

Myer's Line of Stages for Stevens' Point will arrive and depart from Gill's Landing every day at noon.—*Oshkosh Courier.*

ANOTHER LINE.—Messrs. Fitzgerald & Co., intend running a daily steamer between this city and Menasha, by the East shore of the Lake, for the accomadation of the trade and travel of that region.—*Fond du Lac Union.*

This will be an excellent movement for developing the fine agricultural region of Calumet County.

AID FOR FREEDOM IN KANSAS.—We understand that a company of fifty emigrants to Kansas, will leave Chicago at 2 o'clock on Monday afternoon. They will meet Gen. Lane at Iowa City, with other emigrants, and take up their line of march for Kansas on Tuesday. The Chicago company should be increased to a hundred, at least.—*Chicago Dem.*

Mr. Buchanan and Mr. Clay.

The old friends of Henry Clay will remember the cruel charges of bargain and sale made against him by his calumniators in the times of John Quincey Adams, and repeated till his death.—They are not likely to forget that James Buchanan was connected with that slander, and held the means of refuting it, but always refused. The story is too long for our columns to-day, but the following from the Galena *Advertiser* gives some of its leading facts:

In 1825, we hear of Mr. Buchanan, as prominently connected with the events of political history, in his connection with the "Bargain and Sale" Plot against Henry Clay, which, perhaps, more than any other shaft of slander ever aimed at him, clouded the prospects of his political life. It will be borne in mind, that the charge against Mr. Clay was, that he voted in the house of Representatives for John Q. Adams for President, in consideration that the latter would appoint him Secretary of State. It will also be borne in mind, that Mr. Buchanan was then the friend and supporter of Gen. Jackson. The facts in the case were no doubt these: A proposition was informally made to Mr. Clay, previous to the election of President, to go into Gen. Jackson's Cabinet, should the latter be elected, which election it was understood, Mr. Clay held in his own hands. Mr. Buchanan was the bearer of that proposition. In Hayne's Horoscope, of 1847, the part borne by Mr. B. in the transaction is thus set forth:

"Some time in January, 1825, and not long before the election of President of the United States, by the House of Representatives, the Hon. James Buchanan, then a member of the House, and many years a Senator of the United States from Pennsylvania, who had been a zealous and influential supporter of Gen. Jackson in the preceding canvass, and was supposed to enjoy his unbounded confidence, called at the lodgings of Mr. Clay in the city of Washington. Mr. Clay was at that time in the room of his only messmate in the house, his intimate and confidential friend, the Hon. E. P. Latcher, since Governor of Kentucky, then also a member of the House. Shortly after Mr. Buchanan's entry into the room, he introduced the subject of the approaching Presidential election, and spoke of the certainty of the election of his favorite, adding that he would form the most splendid cabinet that the country ever had. Mr. Latcher asked, "how could he have one more distinguished than Mr. Jefferson in which were both Madison and Gallatin? Where would he be able to find equally eminent men?" Mr. Buchanan replied that "he would not go out of this room for a Secretary of State," looking at Mr. Clay. This gentleman (Mr. Clay) playfully remarked that he thought "there was no timber there fit for a cabinet officer, unless it were Mr. Buchanan himself."

"Mr. Clay, while he was so hotly assailed with the charge of bargain, intrigue and corruption, during the administration of Mr. Adams, notified Mr. Buchanan of his intention to publish the above occurrence; but, by the earnest entreaties of that gentleman, he was induced to forbear doing so.

"Several times since the administration of Mr. Adams, it has been intimated to Mr. Buchanan, as we have been informed, that it might be Mr. Clay's imperative duty to publish these facts, but that he was dissuaded from it by Mr. Buchanan.

"To add additional testimony, we state—and let it be denied if it can—that Mr. Clay has now in his possession a letter which, if published to the world, would place Mr. Buchanan in an embarrassing position. The letter comes from Mr. Buchanan; and no call on Mr. Clay will induce him to give it up, save one from his country—a call of the Senate of the United States."

While Mr. Clay was being pursued with all manner of abuse and detraction on a false charge, Mr. Buchanan, who could effectually and forever refute that charge with a single breath by doing him simple justice, stood calmly by and saw him writhe in his sensitive nature, with the poisoned shaft of slander festering in his spirit. We shall not support Buchanan for the Presidency.

Proclamation of the Governor of Kansas.

WHEREAS, Information has been received by us that armed bodies of men exist in different parts of the Territory, who have committed, and threatened to commit, acts of lawless violence on peaceable and unoffending citizens—taking them prisoners, despoiling them of their property and threatening great personal violence;

It appearing also that armed combinations have been formed for the avowed purpose of resisting the execution of the Territorial laws, and preventing the execution of any process by the officers of this Territory;

It appearing further that individuals, as well as associated bodies of men, have assumed to themselves the power of notifying citizens of the Territory to leave their abodes, and in some instances to quit the country, under threats of inflicting severe penalties on those who do not comply;

Now, therefore, I, Wilson Shannon, Governor of the Territory of Kansas, do issue this, my proclamation, to command all persons belonging to military organizations within the Territory, not authorized by the laws thereof, to disperse and retire to their respective abodes, and to warn all such persons that these military organizations are illegal, and, if necessary, will be dispersed by the military force placed by the President of the United States at my disposal for the purpose of preserving the peace and enforcing the laws of the Territory; that steps have been taken to disperse all unlawful military organizations which are threatening the peace of the country and the good order of society, and to disarm them should they re assemble.

All civil officers of the Government are required to be vigilant in enforcing the law against such offenders, and in protecting the citizens both in their persons and property against all violence and wrong.

I further declare that all notices given to citizens or persons found in the Territory to leave the same, or any particular locality, are unauthorized by law and highly reprehensible, as tending to breach of the peace and violence and disord r.

I further declare that all law-abiding citizens of the Territory, without regard to party, names, or distinction, must be protected in their persons and property, and that all military organizations to resist the execution of the laws of the Territory, or to disturb the peace theeof, must be dispersed; *and all aggressive parties from without the Territory must be repelled.* That the military force placed under the control of the Executive of this Territory is amply sufficient to enforce the laws and to protect the citizens in their rights and to protect the citizens in their rights.

I further declare that in carrying out this Proclamation, no distinction or inquiry is to be made as to party, but all persons of all parties are to be treated alike under like circumstances.

"Obedience to the laws and consequent security of the citizens of Kansas, are primary objects; and all lawless violence within the Territory, in whatever form it may manifest itself, must be repressed," and the Proclamation of the President of the United States on the 11th February last, will be strictly enforced; and a requisition has been made on Col. Sumner for a sufficient military force to insure obedience to the Proclamation. I call on all good citizens to aid and assist in preserving peace and in bringing offenders to justice, and maintaining the supremacy of the laws.

In testimony whereof, I have hereunto set my hand, and caused the seal of the [L. S.] Territory to be affixed, this fourth day of June, 1856.

By the Governor: WILSON SHANNON.
DAN'L WOODSON, Secretary.

A NUT FOR NORTH "AMERICANS" TO CRACK.—A. G. Talbot, Representative in Congress from the Fourth District in Kentucky, elected in opposition to the present Administration, has written a letter, which is published in the Lebanon (Ky.) *Post*. He counsels *union* in the South upon the Democratic candidate for the Presidency, just as many other leading opponents of the Pierce Administration are now doing—and yet we have a class in the North who profess to be thirsty for disunion, for the repeal of the Missouri Compromise, &c., who are endeavoring to *divide* Northern Freemen! Hear Talbot:

'The die is cast'—the hand-writing is upon the wall. The wishy-washy, milk and cider, non-committal, no-platform Know-Nothing ticket for the Presidency and Vice Presidency, cannot and will not carry a single State in the Union.—'Sam' is in 'limbo' about this time, and Sambo now has the thrift. That is, Know-Nothingism is going down, and Black Republicanism is rising. It is believed here (in Washington) that Fillmore will not accept the nomination; and if he does he cannot get a State in the Union.

The Republican party is the one we have to dread, if any, in the approaching Presidential canvass, and it will be the extreme of folly for the South to be divided in the coming election. A division among ourselves can serve no other purpose than to aid and comfort and strengthen the Republican party. Give us a Republican President—with all its consequences—the exclusion of slavery from the Territories—the restoration of the Missouri Compromise—no more Slave States—the repeal of the Fugitive Slave Law—and, in my judgement, the days of the glorious Republic are numbered. Then let the entire South be united—let us buckle on our armor—and strike for and strike with the *Old Democracy*, North and South, the only party now efficient for good.

THE Milwaukee & Horicon R. R. Co., have succeeded in getting the contract for carrying the mail from Milwaukee to Waupun for this section. They have been carrying it without contract or compensation, for some time past. We may now be sure of its regularity in future.—*Berlin Courant.*

Fort Leavenworth.

We spent a day at Leavenworth City last week, and in passing the Fort we noticed that some fine improvements had been made there, which add to the beauty of the place. Three sets of officers' residences have been erected in the modern style of wide halls, heavy cornices, and projecting roofs. Two soldiers' barracks, ten stables, each large enough to hold 100 horses, have been put up. The parade grounds have been enlarged, and new guard-houses built.—The roads, bridges, &c., all around the Fort as far as the reserve extends, have been nicely improved. During the summer an ordnance depot will be erected, and the one at Liberty will be abandoned. In a few days a fine steam ferry-boat will be in operation. Among other items, we learn that Major H. Prince will be relieved by Maj. D. Hunter.

Major E. S. Sibley, A. Q. M., who is ordered on duty to Washington City, will be relieved by Lieut. Col. A. C. Myers, now in Texas.

Col. Sumner's regiment of cavalry is under the orders of Gen. Harney, and will start for the plains probably in June. Company G, 4th artillery, which has been stationed for several years at this post, and now at or near Fort Laramie, is ordered in and will probably proceed to Baltimore. Maj. Woods, with the remains of his family, (wife and two children) who died at Fort Riley last year, left on the steamer J. M. Converse, on his way to Fort Snelling, where he will bury them. Four companies of the 1st cavalry, under the command of Maj. John Sedgwick, were ordered to Lawrence on the 23d inst. Up to the present time twenty of Majors & Russell's ox trains have left for Riley, Kearney, Laramie and New Mexico, loaded with government stores. Three boats, the Clara, Genoa and U. S. steamer Wm. Baird have gone up to Fort Pierre. The U. S. steamer Grey Cloud, which was lying at the mouth of the L'Eau qui Court last winter, came down to Council Bluffs at the opening of the Missouri river, loaded with corn, and returned to Fort Pierre. A general court-martial for the trial of Maj. M. S. Howe, 2d dragoons, is ordered to convene at Fort Pierre on the 25th of June next.

LOGS.—We learn that there are about three millions of logs to come down the river this season, many of which are now on their way.—Owners of dams and persons interested in bridges will do well to be on the look out and be prepared to meet these "monarchs of the forest," in the best style, or such improvements will suffer. Two or three dams have already been carried away, and several bridges injured. A large raft is now lying above the Railroad Bridge, to the imminent peril of that structure.—*Watertown Chronicle.*

LA CROSSE RAILROAD.—Col. Sumner, of Barabco, and A. C. Potter, are sub-contractors, for building ten miles of the La Crosse Railroad east from Portage City. Work on the contract was commenced the first of last week; and we learn from one of the contractors that it is their determination to complete the work by the time specified in the contract. We think we may safely rely on the road's being completed and the cars running to Portage City the first of January next.—*Wisconsin Mirror.*

☞ THE THOUSANDS whose constitutions have been ruined, and their systems poisoned by the use of Mercury, should give the following their earnest attention:

DR. GILES, Newton Hamilton, Pa., May, 1851, said:—"I have used, myself, half a dozen bottles of Hoofland's German Bitters for Liver Complaint and diseases of a nervous character, resulting from those of Mercury. I was poisoned and afflicted with spasms from the use of this latter article. The German Bitters is the first article from which I obtained any relief. I have also given the article to many dyspeptics, with the most salutary result. I think as many more bottles will cure me."

Another Remarkable Cure of Scrofula!

SPARTA, Caroline County, Va., March, 1854.

MESSRS. BENNETT & BURR, Richmond.

Gentlemen:—Your Carter's Spanish Mixture has performed a remarkable cure in the person of a servant man, afflicted with Scrofula in the very worst form. So bad he became, that his eyes were entirely closed, and had been so for more than a year! As a last resort, as everything else had failed, it was resolved to try the mixture. We administered it according to directions, and wonderful to say, a perfect cure has been effected. I am satisfied that no medicine equals "Carter's Spanish Mixture" as a purifier of the blood. It is creating quite an excitement here, and sells very rapidly. Send another lot by Railroad. Yours truly,

CITY MATTERS.

POLICE COURT, JUNE 12.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

James Fogerty, drunk and disorderly, fined $3; in default of payment sent to jail for five days. D. F. Stiles, violating bridge ordinance, fined $2. J. Stransky, obstructing sidewalk, fined $3 and costs. John Dresden, charged with assault and battery, dismissed for want of prosecution.

The case of the city vs. John Jenkins, charged with disorderly conduct, occupied the Court and the jury from 2 o'clock till nearly ½ past 6, and resulted in the jury, of twelve, being unanimous in their verdict of *not guilty*, after a retirement of *three minutes*. While out, they passed a resolution unanimously, asking the dismissal from the Police force of Policeman Wagner, but withheld it from the Court, thinking the acquittal of the defendant was sufficient for the time being.

We shall give an outline of this case to-morrow.

Notices of Books.

THE ENGLISH MAN. A sketch of the character and labors of ADONIRAM JUDSON, First Missionary to Burmah. By Mrs. H. C. CONANT. 420 pages. 12 mo. Boston: PHILLIPS, SAMPSON & Co.

This very tasteful volume, from the well known Boston house of PHILLIPS, SAMPSON & Co., contains the history of a man who was, perhaps, more thoroughly imbued with the missionary spirit and devotion to the cause of Christianity, than any other man of the present century. No one can read the book without being impressed with the idea that there is something superhuman in the influence of piety, and without admiring the virtues which were so strikingly developed in the character of Mr. JUDSON. His opinions on topics of interest connected with the missionary work have been gleaned with great pains from his letters, journals and public addresses, and presented in their proper relations to each other.

THE AGE OF GOLD; or the Life and Adventures of ROBERT DARTON HOLMES, West en by himself. 403 pages, 12 mo. Boston: PHILLIES, SAMPSON & Co.

This book, from the same publishers as the above, is quite a novelty in the literary line—A new Robinson Crusoe for boys and girls of maturer growth. The plot is simple—a young man, shipwrecked with a young lady as the only survivors on a desert island, where they live for many years. The story is well told and the interest kept up admirably throughout. The date of the wreck, 1812, brings it almost down to our times.

VASSAL MORTON, a Novel, by FRANCIS PARKMAN. 414 pages 12mo. Boston: PHILLIES, SAMPSON & Co.

Mr. PARKMAN is well known as the author of "History of the conspiracy of Pontiac," and "Prairie and Mountain Life." Indeed, it is, we think, far in advance of either of the other works of the author, and worthy of the handsome dress in which the publishers have given it to the public. The story will suit those who are fond of vivid pictures of life.

We are indebted to WHITTEMORE & Co., booksellers, for copies of the above, as samples of a variety of new publications just received by them.

INTRODUCTION TO SOCIAL SCIENCE: a Discourse, in Three Parts, by GEO. B. CHEEVER, author of "Scenes and Thoughts in Europe," &c.: REDFIELD, New York, Publisher.

It is difficult, in the space which we can at present devote to these notices, to express our opinions of books like this. An extract from the preface, where the writer develops the motive of his discourse, would be preferable, if we had space for it. As it is, we commend the book to those thinking men who, like Mr. CHEEVER, are seeking some method of commending truth, justice, goodness and faith to the every day practice of men, other than by labor, ostentation, a desire to appear respectable, or mere authority. In saying this we do not commit ourselves to all of the author's views without a closer examination of his book, but we like his motive, and so far as we have been able to examine the work, his method of reaching the better way.

WILSON, bookseller.

WAY-BIRDS, The Early Days in the North-West; by Mrs. J. H. KINZIE, Derby & Jackson, N. Y., publishers.

Having heretofore noticed this work, we need only say that it grows in favor upon a better acquaintance, and is having, as it deserves, a very extensive sale. Every old settler should have a copy, and every new comer should read the history. WILSON has a new supply.

THE SPRINGFIELD PAPERS; DERBY & JACKSON, N. Y., publishers. From A. WILSON, bookseller.

Not every series of papers in the magazines is worthy of so good paper and neat execution in book form. But it may safely be set down that what FRED. CRAMER writes and dedicates to F. W. Shelton, the writer of the genial "Up River" letters, is good. We are glad to see a new supply of the Sparrowgrass Papers, and we advise every one who goes a-summering on the hills or in the vales, to take it along, and read, and enjoy the haps and mishaps of the subject of the book.

POEMS BY RICHARD CHEVENIX SIRENCH. REDFIELD, N. Y., publishers.

Those who have read the various works by this author, which have been issued by Redfield within the last year and a half,—the Lessons on Proverbs, Study of Words, English Past and Present, &c.,—will be pleased to see a new phase of the writer's genius. Here, on clear white paper, and in the most faultless typography, are 200 pages of poems, no one of which lacks interest for the reader, and few of which lack that divine spirit of poesy which fasten the appreciating reader to the page.

WILSON is supplied with copies.

PAUL PERRULL, a tale by the author of "IX Poems by V." REDFIELD, N. Y., publisher.

We have glanced through the pages of this new book, just received by WILSON, republished from the 4th English edition. What the nine poems were that V wrote, we do not know, but his prose is of a quality much better than the average. The tale is, indeed, very interesting, and well told. Having a long concealed murder as the principal idea, there is room for deep interest, which the author has not failed to improve.

HOMERIC BALLADS and Comedies of Lucian; translated by the late WILLIAM MAGINN, L. L. D.; annotated by DR. SHELTON MACKENZIE. REDFIELD, N. Y., publisher.

This volume, which WILSON sends us, forms a welcome addition to the previous collections by Dr. Mackenzie of choice essays from Blackwood and the "Edinburg," and productions not before published, from the pens of leading writers for those sterling magazines of literature. The ballads by the "blind old man of Scio's rocky Isle," are selected mostly from the *Odyssey*, and are 16 in number; among them are the "Song of the Trojan Horse,"—the "Funeral of the Chiefs from Troy,"—the "Funeral of Achilles,"—the "First Appearance of Helen,"—the "Armies of Achilles," &c., &c. Besides these there are other translations from Homer, and of the four comedies of Lucian.

For the Sentinel.

A Nuisance!

MR. EDITOR:—Please inform us whose business it is to remove the *dead dogs* now lying for some two or three days in several of the alleys and streets of this Ward?—If it be the duty of the "Health Officer" it is *only right* he should attend to it at once. If not, surely some person should be appointed to see that the citizens will not be endangered in their health by having those putrid and putrifying carcasses strewed about their houses, and in their paths, in such weather as this. Have not the police the powers and duties of the Marshal that used to be? And if they have not, who has, or have?

CITIZEN SECOND WARD.

(The nuisance complained of is not only intolerable, but inexcusable. The Aldermen of the Second Ward should see that it is instantly abated.—ED. SENTINEL.)

NARROW ESCAPE.—This morning about three o'clock, as our presman went to his room to prepare for the day's business, he found a man lying near the press, covered with blood, and his head cut very severely. It appears that during the night he had staggered up the stairs at the south side of the Phoenix Building, and had all through the sky-light, taking the sash with him. He fell about fourteen feet, and must have struck upon the cog-wheel of the press; it is only a wonder that he was not killed. He was so drunk that he did not know where he was or how he got there. Had the press been in operation he would probably have got the light *completely* he would never have had of this world. Upon being helped up, he muttered in German, and left limping.—*Wisconsin.*

FOUNDLING.—WHOSE IS IT?—This morning, about 4 o'clock, Mr. WM. H. H. LISDWEDAN, found, in front of his residence, (corner of Cherry and Third streets) a male infant, apparently of a late hour. The little fellow was found in a basket covered with rags—but his dress was of rather an aristocratic turn, his shirt being of the finest texture, trimmed with lace—his petticoat and other vestments of the same style. When found, the child was very cold from exposure, and a mother who could thus dispose of her offspring must be heartless indeed. Lindsworn would like the owner to call, pay charges, and take him away.—*Wisconsin of last evening.*

AN OUTRAGE WHICH OUGHT TO BE STOPPED.—A correspondent of the *News* complains with just indignation of the manner in which dead horses are thrown over the bluff on the Lake Shore, East of Prospect Street, to putrify there, and infect the atmosphere to the imminent danger of the residents in the neighborhood. The wroundrels who perpetrate such outrages ought to be severely punished. A City Ordinance provides as follows:

The Mayor and Common Council of the City of Milwaukee, do ordain:

"SEC. 1st. That any drayman, cartman, or other person, who shall throw carrion, or other offensive matter on the Lake bluff or bank, or within the corporate limits of the city, shall be fined not less than ten dollars nor more than twenty-five dollars and costs of prosecution, for each and every offence; and if fined, his license taken away from him in addition; and in default of payment of such fine and costs, shall be imprisoned in the county Jail not less than ten days nor more than 30 days, at the discretion of the Police Justice."

We trust that the law will be rigorously enforced against all offenders hereafter, and the Aldermen of the Ward ought to see to it that a supply of lime is provided at once in the locality referred to.

THE WATER WITCHES COMING.—The Janesville *Standard* says that Water Witch Engine Co., of that city, intend to be present on the 4th of July, at our celebration. They will be welcome.

FOR COLLINGWOOD.—The splendid steamer *Buckeye State*, Capt. CUMBERLAND, leaves this morning at 8 o'clock *precisely*. L. D. JEROME, corner of Main and Huron Sts., is the agent.

THE CHRISTY'S.—These capital performers give another of their entertainments to-night. They play and sing to crowded houses, and make considerable "music" of various kinds.

CITY AUCTION ROOM.

REMEMBER that Wednesday, June 18th, is the day that I sell lots in Murray's addition, First Ward. Now is the very time for purchase. Lot or Lots for themselves and their families. There is no deception in this property. In a few years it will be all built up. This Murray's addition joins Lockwood's and Glidden's additions, and what will make the property very valuable and very desirable, is the proposed beautiful City Park that adjoins it. Again in purchasing any of the lots in Murray's addition, the title is the very best. There is no mortgage on any of his property. Then the terms, on which they are to be sold, are so very easy: 1-4 cash, balance in 1, 2, 3, and 4 years, with seven per cent. interest.

I consider this one of the greatest, and best opportunities to purchase lots, of any sale I have had.

Old Young Speculators and all be on hand, June 18th, at 10 o'clock, at my store.

Je11 CALEB WALL, Land Agent.

City Land Office.

TWO HUNDRED desirable and valuable Lots to be sold in the First Ward, City of Milwaukee. On Wednesday morning, June 18, at 10 o'clock, I will sell to the highest bidder, on the easiest terms property has ever been sold, all of that desirable plat of Murray's Addition, containing two hundred beautiful lots. The sold Addition joins on the Lockwood and Glidden's Additions, and joins also the city property which is to be appropriated for a City Park. The lots are all very beautiful, high, and very dry, and are laid out in handsome proportions, and are situate this side the Light House. The Plank Avenues are to run through them, in fact it is the most desirable property to make investments in of any property that I have ever sold. The lots are of a good size, forty feet front, one hundred and twenty feet deep, with alley's in the rear. You must all agree with me when I say that the First Ward has the pre eminence over all other wards for beautiful and desirable residences. The lots in Murray's Addition will command as high price in five years as lots do now in Astor, Marshall, Cass and Van Buren streets. There is no reason why they should not; our City is bound to go ahead, she is bound to have a population of one hundred and fifty thousand inhabitants, and the modern style of houses which are going up in Milwaukee, and the beautification, with the various Parks around, certainly must make lots in Murray's Addition desirable and valuable. At all events there is no great risk to run. The terms of sale are very easy: 1-4 cash, and the balance, allowing an opportunity to all classes to secure them a home, and when once a home is obtained it never can be taken away, no matter what misfortune may occur; for our laws are made to protect the widows and orphans, and the unfortunate. Terms of sale will be one fifth down, balance in 1, 2, and 4 years with 7 per cent interest. The best title in the world. Any mortgage to be released. I will have for one thousand lithographic maps of said Addition in a few days, which I will give to all who wish one, if they will call at my store

Name in the Sand.

BY GEORGE D. PRENTICE.

Alone I walked on the ocean strand,
A pearly shell was in my hand,
I stooped and wrote upon the sand
My name, the year and day;
As onward from the spot I passed,
One lingering look behind I cast,
A wave came rolling high and fast,
And washed my line away.

And so, methought, 'twill quickly be
With every mark on earth from me!
A wave of dark oblivion's sea
Will sweep across the place
Where I have trod the sandy shore
Of time, and be to me no more:
Of me, my days, the name I bore,
To leave no track or trace.

And yet with him who counts the sands,
And holds the waters in his hands,
I know a lasting record stands,
Inscribed against my name,
Of all this mortal part has wrought,
Of all this thinking soul has thought,
And from these fleeting moments caught,
For glory and for shame.

A SMART BOY.—When Lieut. Governor Patterson was Speaker of the Legislature, some dozen of boys presented themselves for the place of messenger, as is usual at the opening of the House. He inquired their names, and into their condition, in order that he might make the proper selection. He came, in the course of his examination, to a small boy, about ten years old, a bright looking lad.

"Well sir," said he, "what is your name?"

"John Hancock, sir," replied the boy.

"What!" said the Speaker, "you are not the one that signed the Declaration of Independence, are you?"

"No, sir," replied the lad, stretching himself to his utmost proportions, "but I would if I had been there."

"You can be one of the messengers," replied the Speaker.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of —— horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they employ the Best Practical Mechanics, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GEARS AND STRAINER COCKS, OIL COCKS AND COCKS, and STEAM WHISTLES. Also TURCO'S FILES, which they will sell at the lowest cash price.

They are also Agents for EAGLE'S PATENT STEAM GAUGE, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of its reputation it has always sustained.

Their motto is, "*Excelsior*."
